

September 2025

NEW TRASH COMPANY

Dear Residents,

Beginning Friday, October 17, 2025, trash and recycling collection for the Association will be handled by Affordable Waste Service.

Our current company, Republic Services, will continue services through Friday, October 10, 2025. They will collect their containers from residents shortly after the last collection day. Therefore, **please leave your empty trash and recycling containers at the curb after the last collection day on October 10th**. Please make arrangements if you will be away.

Affordable Waste will be supplying trash and recycling containers for the community before the first collection on October 17th. All residents will receive the same size containers; 96-gallon for trash and 96-gallon for recycling. *Please do not request additional or alternate size containers from the trash company – there will be no swap-outs.*

Our trash and recycling service day will remain Friday. Please be sure to place your trash and recycling at the curb the evening before the scheduled pickup day.

To schedule a bulk pickup, please contact the trash company at **610-466-5604**. Our service includes one (1) free bulk item per unit per month. Fees apply for additional or special items. Any associated fee is the responsibility of the resident requesting the service, not the Association. Please be sure to schedule pickup of your bulk item before placing it out for collection.

Please review and keep handy the enclosed holiday collection schedule and the recycling information flyer.

If you have any questions, please contact our Property Manager at 215-343-1550.

Sincerely,

Board of Directors
CHADWICK PLACE COMMUNITY ASSOCIATION
